

I wanted to let you know how important KLOVE radio is important to me and my family. There is only 1 other Christian Music station in my area, which limits my options for Christian broadcasting. It is a ministry to me on a daily basis, as well as others. There are not many options to uplifting radio today, and KLOVE is one that I can count on. It's a station the entire family can listen to as well as communication family related activities in the local area. Please consider keeping KLOVE rather than replace it with an LPFM service.

Sincerely,  
Terri Gonzalez
